

RDI - Stanzen, Fügen, Schweißen & Fördern

**„RDI“
IS WORKING FOR ENVIRONMENT
PROTECTION AND SAFETY IN THE
AUTOMOTIVE AND AEROSPACE
INDUSTRY**

Welding systems for thermal insulation of the exhaust (and other) pipes, for correct emission values and that nothing is burning on or off.

THE CUSTOMERS ARE THE BIGGEST
AND BEST KNOWN SUPPLIERS IN
THIS SEGMENT. THEY ARE SERVING
CAR MANUFACTURERS AND
AIRPLANE MANUFACTURERS
AROUND THE WHOLE WORLD.

RDI - Stanzen, Fügen, Schweißen & Fördern

EITHER MANUFACTURING TAKES
PLACE IN GERMANY AND GOODS WILL
BE DISPATCHED ALL OVER THE WORLD
OR
A PRODUCTION LINE WILL BE
ESTABLISHED IN THE CORRESPONDING
COUNTRY.

RDI - Stanzen, Fügen, Schweißen & Fördern

IT DOESN'T MATTER HOW IT WILL BE
DONE AT THE END.

„**RDI**“ WILL BE PART OF IT.

WELDING SYSTEMS ARE ALREADY IN
PRODUCTION IN USA, MEXICO, TURKEY,
CHINA, ROMANIA, POLAND, BELGIUM AND
GERMANY.

RDI - Stanzen, Fügen, Schweißen & Fördern

TIER ONE SUPPLIERS FOR AUDI, BMW,
MERCEDES, PORSCHE, VW AND AS WELL
FOR TRANSPORT VEHICLES ARE TAKING
ADVANTAGE OF

„**RDI**“- WELDING TECHNIQUE,

WHICH WILL BE DESIGNED AND
MANUFACTURED ACCORDING TO
CUSTOMERS DEMANDS.

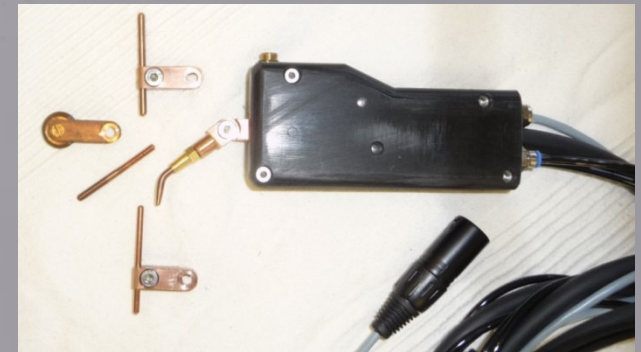

RDI - Stanzen, Fügen, Schweißen & Fördern

STARTING WITH THE ORIGINALLY IDEA BEING
SOLELY A SALES AGENCY FOR CERTAIN
MANUFACTURERS OF TOOLS AROUND THE
SHEET METAL ENVIRONMENT,

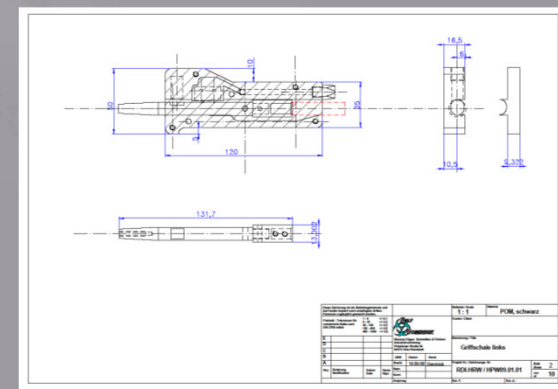

„**RDI**“

IS GOING TO DEVELOP MORE AND MORE TO A
REAL PARTNER IN DESIGN AND
MANUFACTURING OF WELDING SYSTEMS AND
CONSUMABLES TO THE TIER ONE SUPPLIERS.

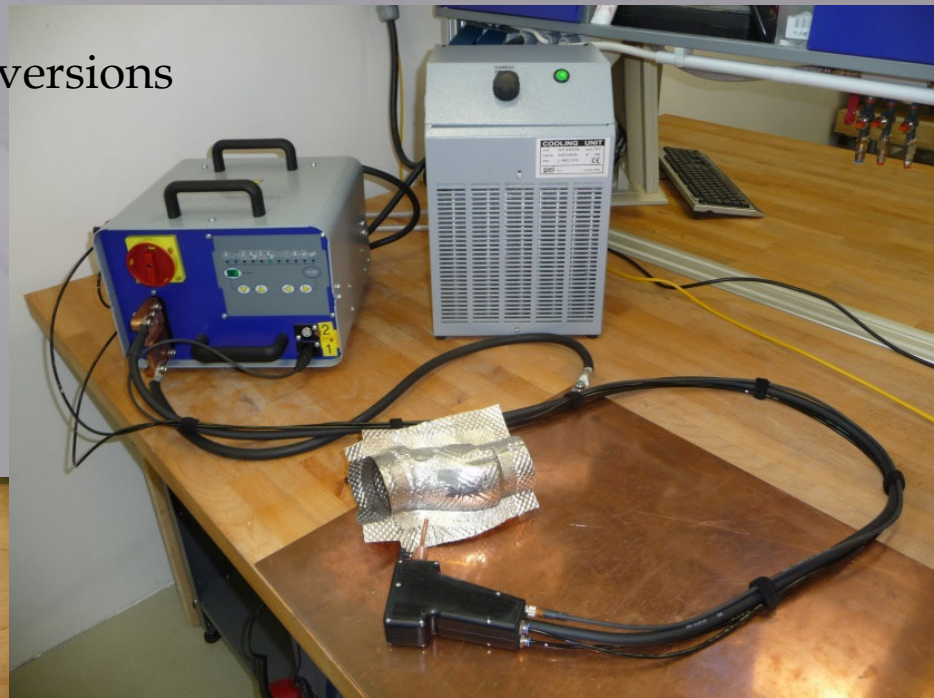

Things can't be done ourselves, orders will be placed to local sub suppliers

Water cooled version

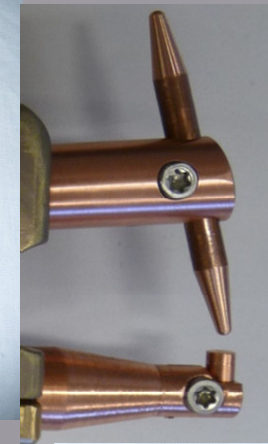

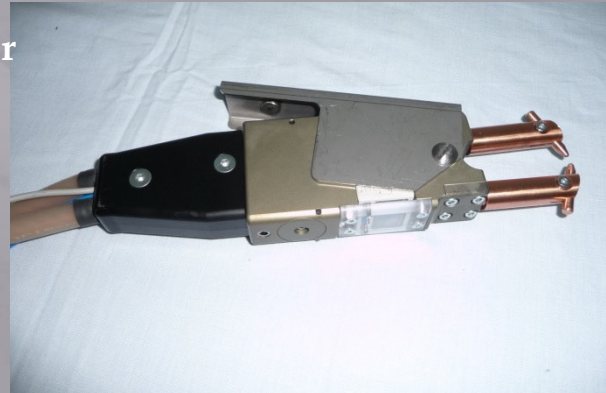

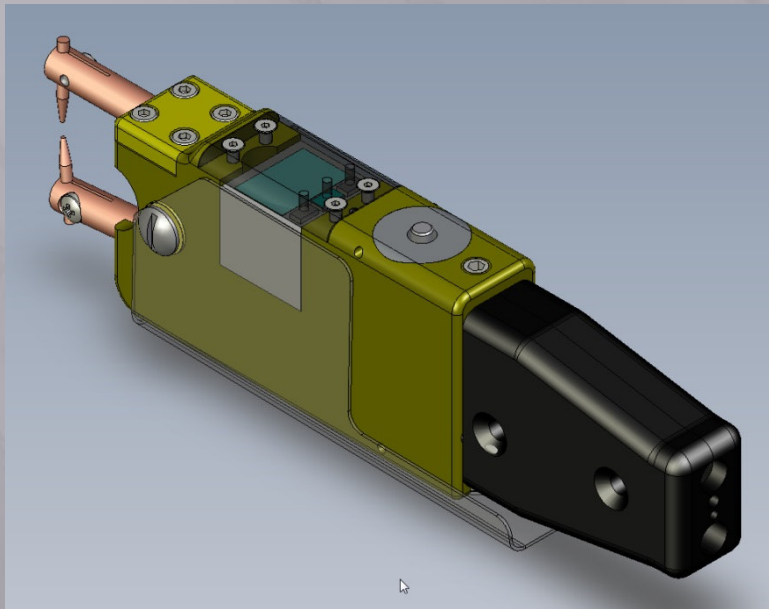

Micro welding tools
From design to realization based upon customer demands

Midi welding tools (Spot & Seam)
From design to realization based upon customer demands

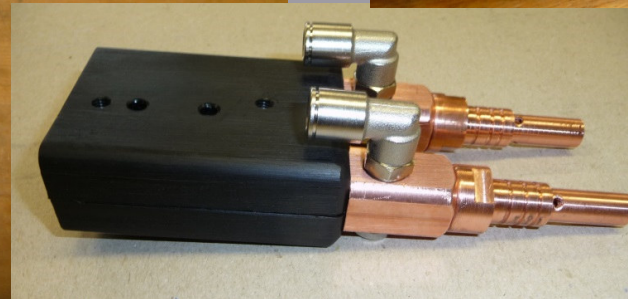

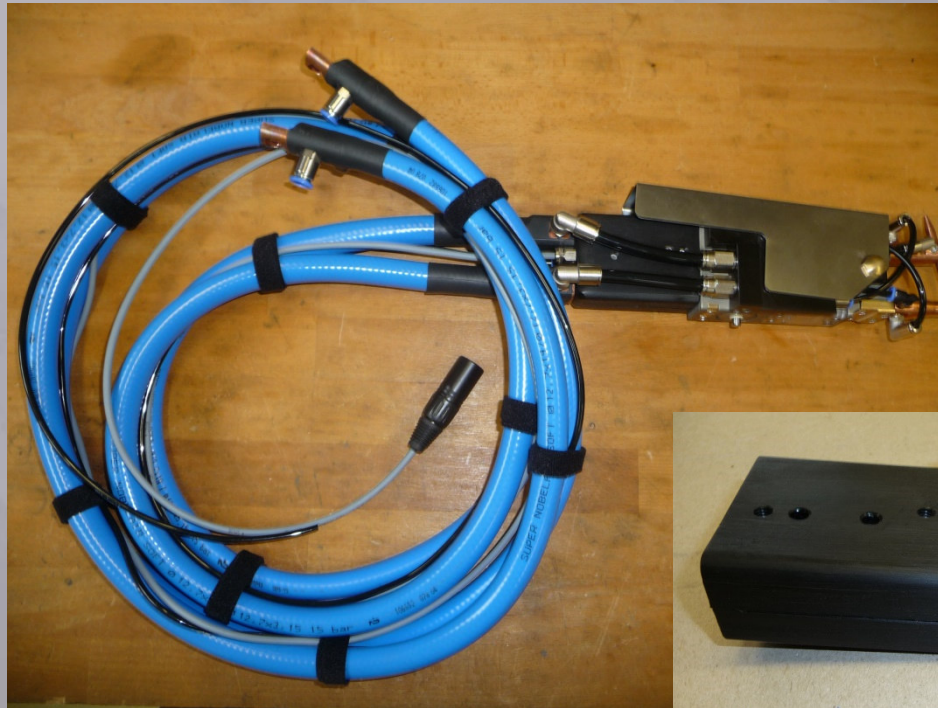

Pneumatically actuated welding gun
From design to realization based upon customer demands

RDI - Stanzen, Fügen, Schweißen & Fördern

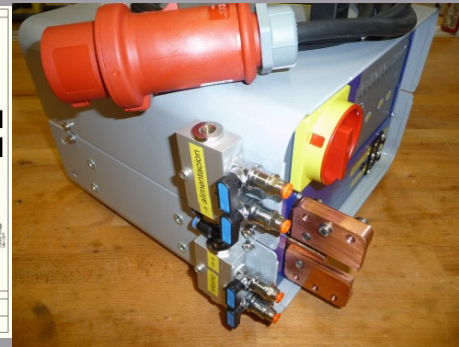

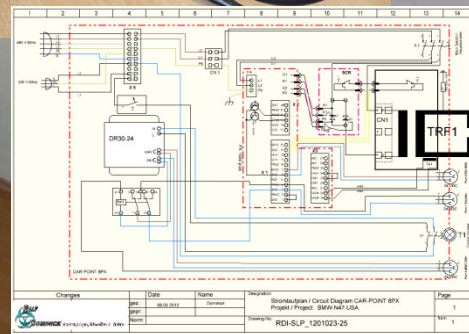

Pneumatically actuated welding gun
In water cooled version

Heavy duty welding machines supplied by

RDI

Weld controller modified and supplemented by

RDI

RDI - Stanzen, Fügen, Schweißen & Fördern

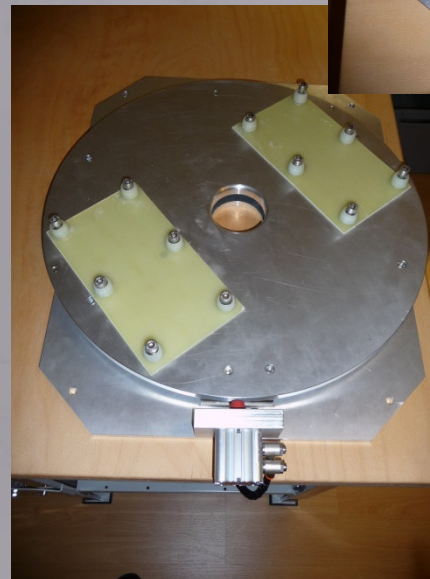

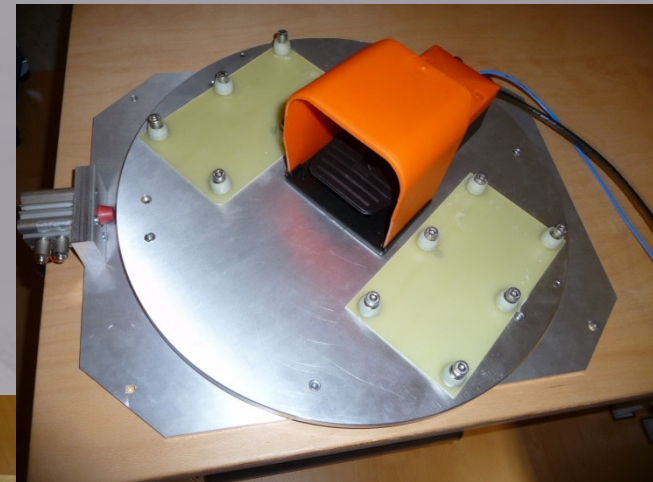

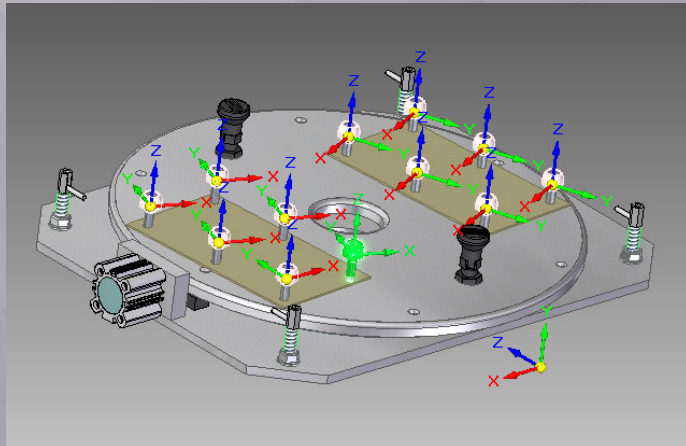

Cooling devices 0,5 – 20 KW supplied by

RDI

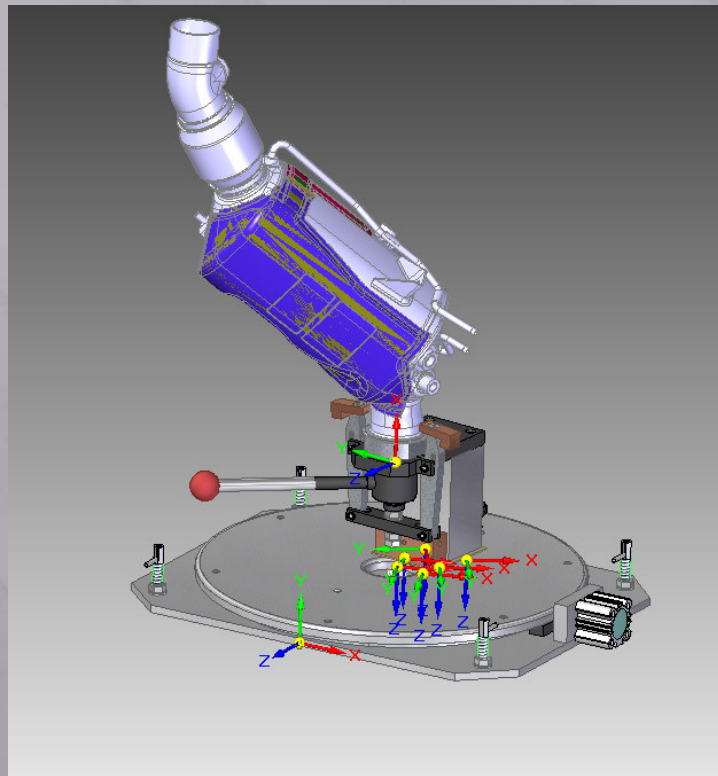

Turn table with pneumatically actuated brake
From design to realization based upon customer demands

RDI - Stanzen, Fügen, Schweißen & Fördern

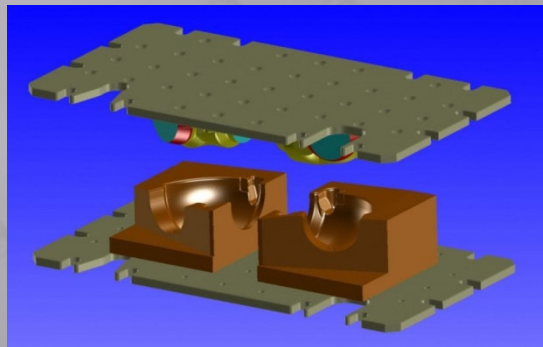

Turn table with pneumatically actuated brake and fixture of a DPF
From design to realization based upon customer demands

RDI - Stanzen, Fügen, Schweißen & Fördern

Deep drawing, crop and assembly tools,
From design to realization based upon customer demands

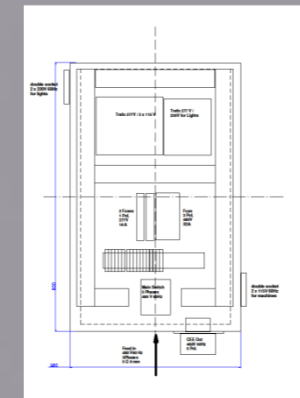

No matter whether

- prototype,
- pre series
- or serial tools

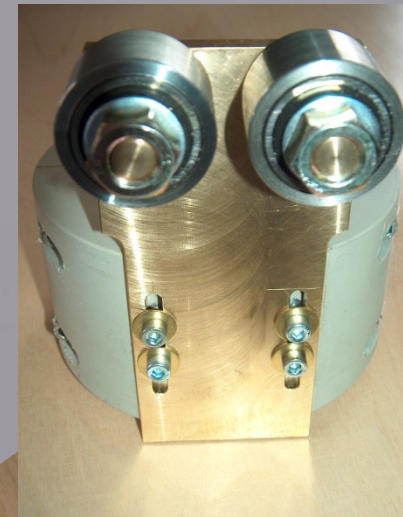

Whole work decks including electrics
From design to realization based upon customer demands

Consumables for resistance welding

RDI - Stanzen, Fügen, Schweißen & Fördern

SYSTEMS AND CONSUMABLES FOR
THE MANUFACTURING PROCESS OF
CAR- AND AIRPLANE COMPONENTS
IN ENVIRONMENTAL PROTECTION
AND SAFETY FROM THE
„TOWN OF COLORS“

OBER-RAMSTADT

RDI - Stanzen, Fügen, Schweißen & Fördern
